

CERTIFICATE OF VALUATION

(Mover's Liability to Shipper)

Worldwide Moving Systems accepts your belongings for transportation and commits to providing careful handling and diligent care throughout your move. Despite a mover's best effort, damage can occur.

In compliance with applicable law, it is important that you understand our liability to you in the event of loss and that you release your belongings to us at an understood level of liability. Below are the three levels that our company offers and the corresponding cost. Prior to your move the signature is required beside one of the options provided in order for us to determine the level of protection you desire. A signature is also required at the bottom (Issued To:) to ensure that you understand all options. If you have any questions please talk to your moving consultant or call our customer service department at 1-800-333-5303.

Option # 1 Basic Liability Coverage \$100.00 Deductible
Customer Signature _____ By far the most preferred choice for local moves. This option is at no cost to the customer and allows for released valuation at \$.60 per pound per article. This means that a 150lb cabinet would have \$90.00 worth of protection > (150lbs x \$0.60 = \$90.00) This level of protection is very economical and generally covers the costs of scratches and dents that could occur in a local move. This level of protection should be considered inadequate for the replacement of high value items. Although there is no cost for this protection, the customer does assume some of the risk. There is a \$100.00 per item limitation and no liability for items packed by the owner.

Option # 2 Increased Liability Protection \$500.00 Deductible
Customer Signature _____ This option increases the mover's liability to \$6.00 per pound per article with a \$1,000.00 per item limitation. The same 150lb cabinet would now have \$900.00 worth of protection > (150lbs x \$6.00 = \$900.00) This type of protection is significantly higher than a basic liability but may not provide replacement value. There is a \$500.00 deductible applied and all claims are subject to standard depreciation. The cost for this option is \$25.00 for each \$1,000.00 of desired coverage. There is a maximum coverage of \$25,000.00 on all moves and a minimum coverage of \$5,000.00. Amount of Desired Coverage _____ Cost to Customer _____

Option # 3 Increased Liability Protection \$100.00 Deductible
Customer Signature _____ The liability is the same as option # 2, but deductible is much lower and the premium is higher. The cost is \$35.00 for each \$1,000.00 of desired coverage. There is a maximum coverage of \$25,000.00 and a minimum coverage of \$5,000.00. Amount of Desired Coverage _____ Cost to Customer _____
